Questions

What do you think is the most impressive landmark? Explain why.

Name some other famous international landmarks. Work in a group.

What are the most visible landmarks in your city and country?

Do you think modern landmarks are important? Explain why (or why not).

Have you ever visited a landmark or other interesting place? Tell the class.

If you were asked to design a landmark for your town, what would it be?

Are landmarks built to become tourist attractions or vice versa? Give examples.

Instructions:

- Work individually, in pairs or teams.
- Discuss the given landmarks and try to complete the missing information.
- If you don't know, guess.
- Prepare a short presentation or essay about one landmark.

Teacher Notes & Concise Answer Key

Teacher Notes

- This answer key is deliberately kept concise since the idea of these Conversation Corners is to talk rather informally and share information, not being given all the information by the teacher. BTW, the conversation should focus more on expressing opinions than giving correct answers.
- Students could be given the opportunity to do some research on the Internet to find more information and answers to the questions.
- Also, students could prepare questions they were unable to answer and give a short presentation during the next lesson.
- Have a dictionary at hand (or an Internet connection) if possible so students can look up new vocabulary.
- **Missing info:** a = name of landmark; b = city; c = country; d = see boxes.
- **The teacher can give extra information if students are completely stuck.**

a. Eiffel Tower
b. Paris
c. France
d. Height: 300 m

a. White House
b. Washington DC
c. USA
d. Built 1792
